

BUG COUNTING WORKSHEETS

The image displays four overlapping worksheets for counting bugs. Each worksheet is designed for a different bug type and includes a grid of bugs, a grid of numbers, and simple equations for counting practice.

- Top-left worksheet:** Features ladybugs, bees, butterflies, and spiders. It includes a grid of 10 bugs and equations for counting: $1 =$, $2 =$, $3 =$, $4 =$, $5 =$, and $6 =$.
- Top-right worksheet:** Features ladybugs and spiders. It includes a grid of 10 bugs and a grid of numbers 1 through 8.
- Bottom-left worksheet:** Features ladybugs, spiders, bees, and butterflies. It includes a grid of 10 bugs and a grid of numbers 1 through 9.
- Bottom-right worksheet:** Features butterflies, bees, spiders, and ladybugs. It includes a grid of 10 bugs and equations for counting: $1 =$, $2 =$, $3 =$, and $4 =$.
