Elements & Principles of Design	Exceeded expectations by	Expected use of & combination of art elements & principles that work well together for the overall design. Meeting expectations. Work demonstrates an expected use of concepts.	Acceptable use of art elements & principles but lacking harmonization or demonstration of planning or understanding.	Lacks evidence of thoughtful use of elements & principles with a design that looks unplanned, rushed, &/or incomplete.	
Craftsmanship Neatness	Exceeded expectations by:	Overall, the project is clean & without major defects like Folds/Rips. All areas have been considered & finished to meet expectations.	Minor folds or stray marks may be present but the work is acceptable. Some portions of the work could have benefited by more attention to detail.	Work includes obvious deficits like folds, rips, &/or stray marks. Little effort went into creating the work & using information demonstrated.	
Time & Management	Exceeded expectations by:	Student was mostly independently motivated with a few social distractions. Work was mostly self-driven.	Student was somewhat distracted from their work OR finished early without using the extra time to push the depth or quality.	Often reminded to stay on task. Social/digital interactions impeded work. Lack of focus had a strong impact on project work.	
Requirements & Depth	Exceeded expectations by	Subject & media were well explored & met project expectations with some personal connections.	Subject or technique was not fully explored. A requirement was missing with superficial personal connections.	Little depth of subject & technique. Requirements were not fully met & lacked personal connections.	
Original, Personal, & Unique	100% original & personally connected because:	Unique & personal, inspired by:	Personalized but based on:	Not an exact copy but close to this image:
