

THANKSGIVING STORY

A long time ago, people called the Pilgrims sailed across the ocean on a big ship named the Mayflower. They came to a new land to start fresh, but life was hard, and they needed help.

The Native Americans, who already lived there, helped the Pilgrims. They taught them how to grow corn, catch fish, and hunt.

After a big harvest, the Pilgrims and Native Americans came together for a feast. They ate turkey, corn, and other delicious foods.

That feast became the first Thanksgiving. Today, we celebrate to remember how working together and being thankful brings us closer.
